

## Joburg Half Day Cycle Tour

Do you want to tour and see the African world city Joburg up, close and personal? Then come and tour with us on our half-day guided cycle tours of this beautiful and vibrant city every Sunday at 10:00am for 10:30am.

We start our tours from Parktown and we go pass by the following places of interest: The View (The oldest house in Joburg situated in Parktown), Constitutional hill, Braamfontein, Mandela Bridge, Newtown, Chancellor House, Mining District (Marshalltown), Gandhi Square, Carlton Centre (the centre on Joburg) and Maboneng

(where you will sit and have a bite at Bertrand Cafe), Ellis Park and Ponte City (where you will tour this iconic building from its 'Core'). We end our tour at Parktown covering a distance of 16 km in total.

Please note that a moderate fitness level and a good command of the bike is needed. Unfortunately we can only take a group of five people on this tour due to the limited number of bikes but should you have your own bike, you are most welcome to join us.

We also ask that you are open minded, take in everything for what it is, be present, not in a hurry on the day and to enjoy every bit of this tour.
